Turn-Key Services

Solution 65 has the capability and resources necessary to assist all of our clients with turn-key furnishing of a facility, whether new construction, renovation or addition. The firm's designers will work with Solution 65's in-house purchasing group to facilitate the procurement process for all the FF&E items. Solution 65 understands the importance and complexity in coordinating and communicating with vendors, while keeping in mind the installation date and move-in date for those who will use your new spaces.

Solution 65's in-house installation team is able to meet your installation dates on time, preventing delays and additional costs to you. With 27 years of experience, the firm's team is knowledgeable, reliable, and inventive when faced with installation challenges.

Past Experience

Solution 65 has a proven track record in adhering to project budgets. In 27 years of operation, Solution 65 has always come in under budget. The firm works closely with your team to determine how to best use your budget to receive the maximum impact and benefit for you residents, patients and staff.

Designing for healthcare clients engages our staff in creating environments that matter. We understand that human connection is vital to the health and happiness of nursing and assisted living patients as well as retirees. With our experience in this special sector of design, we will carefully select and create spaces that enhance safety, comfort and quality of care – for patients and caregivers alike. We will use the latest research and best solutions in designing new spaces as well as renovating existing spaces for all of our clients.

Solution 65 acknowledges the importance and great significance in designing spaces for healthcare residents and patients. The company considers each project an opportunity to enrich the lives of those who live and work in these communities. With the firm's owners having 35 years plus of experience in healthcare design and passion for designing for the elderly, Solution 65 was developed into the turn-key operation that it is today.

HIGHLIGHTED PROJECT

PROJECT
THE CROSSINGS AT FIVE FORKS
GREENVILLE, SC

DEVELOPER/OPERATOR
SMITH PACKETT / HARMONY SENIOR SERVICES

YEAR COMPLETED
JULY 2017

TOTAL FF&ECOST
\$1,463,015.00

The Crossings at Five Forks was a new construction project completed in the summer of 2017. Located in Greenville, SC, the 4-story Independent Living, Assisted Living, and Memory Care Community offers a variety of floor plans from studio style, to one-and-two bedroom layouts.

Some of the amenities for residents include multiple dining venues, a movie theater, several activity/social areas, cards and billiards rooms, outside dining, and landscaped exterior areas, including a memory care garden.

The interior finishes compliment the contemporary lodge style of the exterior that mimics the architecture in surrounding areas. This contemporary palette is captured in the finishes, furnishings, accessories and artwork throughout the community.
